

WINTER WHEAT

Lamant

The wheat you'll fall in love with!

Bread wheat B2

Chlorotoluron: Sensitive (tolerant 900g)

Lamant, a winter wheat with a remarkable health profile, featuring excellent resistance to yellow rust, septoria leaf blotch and fusarium. Its good winter hardiness and strong tillering ability make it a reliable and consistent wheat under demanding conditions. As a tall crop with good straw yield, Lamant appeals through its robustness and easy crop management.

AGRONOMIC CHARACTERISTICS

Alternativity	2
Stem elongation earliness	3
Heading earliness	5,5
Ripening earliness	5,5
Frost tolerance	7
Tillering capacity	7
Straw length	5,5
Lodging resistance	7
