

COVER CROPS

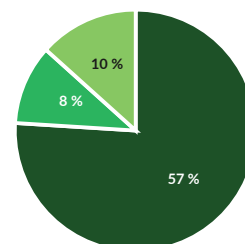

Meteil cover

Quality mixture for feed production.

COMPOSITION

Energy rye	57%	Winter vetch	10%
Crimson clover	8%		

CHARACTERISTICS

- Fast & productive roughage producer in spring! Very good feed value.
- Harvest before early ear emergence (2nd half of April).
- Leaves sufficient moisture in the soil for the following crop.
- Extra protein supply through present winter vetch, French vetch & crimson clover.
