

COVER CROPS

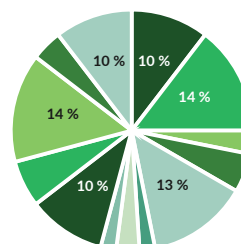

Pazant

Wildlife field mixture!

COMPOSITION

Spring oats	10%
Spring triticale	14%
Dill	3%
Oilseed rape	5%
Flax	13%
Sweet clover	2%
Millet	3%

Fodder turnip rape	2%
Peas	10%
Hulled sainfoin	6%
Buckwheat	14%
Serradella	4%
Sunflower	10%

CHARACTERISTICS

- Wildlife field mixture specifically composed to improve the biotope of partridges, pheasants and other field birds. The vegetation is not too dense but just sufficient to provide the animals with adequate shelter and food throughout the year.

USE

- Mixture with many seed-bearing plants, which attract insects during flowering and also provide food later in the year.
