

GRASSLAND

Proti Plus

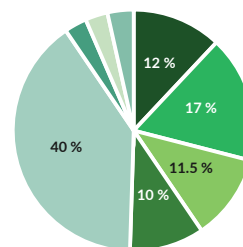

Extra protein!

COMPOSITION

Perennial ryegrass TT Tetra	12%
Hybrid ryegrass	17%
Timothy	11.5%
Festulolium	10%

Coated lucerne	40%
Bird's-foot trefoil	3%
White clover	3%
Red clover	3.5%

CHARACTERISTICS

- Protein-rich roughage.
- High dry matter yield/ha.
- High alfalfa content.
- Very palatable.
- Allows better valorization of roughage.

USE

- Protein-rich cutting pasture.
- Suitable for pre-wilting production.
- Meets the conditions for Multi-annual Eco-cultivation subsidy of € 230/ha (CAP)
